

Press Release

West Linn Paper Company Launches New Corporate Website

(West Linn, Oregon – April 30, 2008) – The West Linn Paper Company today announced the re-design of its corporate website: www.westlinnpaper.com. The updated site has been designed with ease-of-use in mind. The site offers a comprehensive location to gather information about West Linn Paper Company products and services and is filled with useful tools for determining the right paper choice for your print job.

Some of the highlights of the site include:

- An interactive sustainability calculator to determine the environmental impacts of choosing a 30% post consumer recycled sheet versus using a sheet made from 100% virgin fiber
- An online calculator to compare the cost of paper based on selecting different basis weights
- A promotions section to highlight the latest programs and materials from West Linn Paper
- Extensive product specifications and details

The newly designed site can be viewed at www.westlinnpaper.com.

About West Linn Paper Company

West Linn Paper Company is an independent manufacturer of coated free-sheet web paper and is the oldest active paper mill and the only coated free-sheet manufacturer in the western United States. The high-quality Sonoma® and Capistrano® brands are well-known and well-respected in the printing industry for their print quality and runnability. West Linn Paper's Nature Web® line offers environmentally friendly, FSC-certified recycled papers with 10% to 30% PCW content. West Linn Paper Company products are sold throughout North America and are used for high-end advertising materials, direct mail, magazines, catalogs and book publishing.
