

West Linn Paper Company Releases New Sonoma and Capistrano Web Swatch Book

West Linn, Oregon – April 25, 2008 (Press Release) – The West Linn Paper Company today announced the release of its latest coated free-sheet web swatch book. The swatch book contains printed and plain samples of both the #3 Sonoma web gloss, dull and matte and the #2 Capistrano gloss and matte products.

The new swatch book offers Sonoma web gloss and matte plain samples ranging from 45# - 100# weights plus 80# cover and 7 point and 9 point matte reply card. Sonoma's 87 brightness and reliable print performance make it the perfect selection for almost any web printed piece. Flip the book over and find samples of Capistrano web gloss and matte in 60# - 100# weights. The 92 brightness Capistrano is a smooth, bright, blue-white sheet that produces a clean, crisp, true-to-life images. Product specifications and print demonstration pages are included for both grades.

Focusing on locations in the Northwest, two paintings by renowned industrial landscape artist Daniel Robinson highlight both covers of the book. The swatch book is designed to showcase two West Linn product lines in one book and is a convenient tool for selecting and specifying the right paper for web printing of such items as magazine publications, catalogs or commercial printing.

Additional information about the swatch book and more information about West Linn products can be found at their web site at: www.westlinnpaper.com.

About West Linn Paper Company

West Linn Paper Company is an independent manufacturer of coated free-sheet web paper and is the oldest active paper mill and the only coated free-sheet manufacturer in the western United States. The high-quality Sonoma® and Capistrano® brands are well-known and well-respected in the printing industry for their print quality and runnability. West Linn Paper's Nature Web® line offers environmentally friendly, FSC-certified recycled papers with 10% to 30% PCW content. West Linn Paper Company products are sold throughout North America and are used for high-end advertising materials, direct mail, magazines, catalogs and book publishing.
